Snow Removal

We have had 2 snows the end of December and early January. Evergreen was not called out for snow removal, but several of our residents stepped up and cleared walks and driveways, saving ~\$3000.

Thanks to all who helped with snow removal (if I missed anyone, I apologize)-

Just a reminder-

Evergreen will NOT shovel up to your door if there are chairs, flowers pots, decorator items in the way due to liability issues.

Any little bit that you can help shovel around your unit WILL save the HOA snow removal fees.

Should we think about a community snowblower?
