Landscape Report

**Community garage sale**

Community Garage Sale was held June 2-3. Several units participated. Thanks to Mark Cunningham for advertising and getting this on social media.

**Evergreen**

Lawn is being mowed on the highest setting and the trimming every 2-3 weeks.

**Signs/sign posts**

Sign posts and a couple of missing signs were installed in early April.

**Trees**

I am waiting on tree prices from Evergreen.

**Xeriscape Areas**

Xeric areas are really taking off-shrubs and flowering plants. Several smaller plants have been replaced. Watering is being cut back to 1X per week in these 2 areas. Buffalo Grass and Grama Grasses are filling in nicely. Thanks for your patience in these 2 areas.
