Landscape Report

Evergreen

Water was shut off the first week of October. Final clean up will be after November 1.

Evergreen contract for November 2023-October 2024 \$13980 for 2024 landscape, snow removal is per hour.

Trees

Trees will be ordered December 2023/January 2024 for planting in the fall.

Xeriscape Areas

Xeric areas will be cut back & cleaned up as the plants go dormant.

Thanks to Diane & Dale, Nancy & Tom, Mark, Jackson and anyone that I missed for your continued efforts in keeping the weeds out of the xeric areas and cleaning out the drains.

Tree Removal

The cottonwood by #18 split and landed on the roof of the condos. I have asked for a bid from the tree trimmers.
