

Victorian Gables HOA

April 9, 2025

Trees

Trees planted last summer have been watered twice by Evergreen over the winter. I may have them watered in late April, depending on the weather.

Trees will be evaluated to see if there are any that need trimmed.

Xeriscape

Xeriscape is thriving. There will be a few plants that need to be replaced (early June-some don't start to grow until it is warmer).

Landscape

Irrigation will be serviced this month and turned on in mid-May (depending on weather).

Watering will be 2 times per week, starting around midnight to allow for the moisture to soak in before the heat of the day.

Yard Waste

Yard waste will be picked up every Tuesday thru November. If you have yard waste, but no "official" container contact Kammi Eckhoff (#2) and we'll get you in contact with someone that does (#2, #20,?)

Mulch

Mulch needs to be added to the xeriscape areas. I am hoping that we can do that in May or early June. Evergreen can deliver. Do we want Evergreen to spread it or can we get enough help to do it (I will give everyone a couple of weeks notice)?
